Why wait to build? Move right in to this picture perfect home with upgrades throughout! Walk to Crozet Park and the Square on the Greenway trail behind the home. Home features low maintenance waterproof LVT flooring throughout the entire home, plus custom window treatments in every room. You'll love the designer paint colors too! Gourmet kitchen features gray painted cabinets, large quartz island and upgraded stainless steel appliances including counter depth refrigerator and under-counter beverage fridge. Entertainers will love the open floor plan and great room with stacked stone fireplace and custom built-ins. Study on the main level with French doors makes a great fifth bedroom. Upstairs, the oversized owners suite features a large sitting area, two walk-in closets and a spa-like bathroom with two vanities and a large corner shower. 3 additional bedrooms upstairs include a bedroom with bath ensuite, and two large bedrooms with large closets. Lots of room to expand in the unfinished basement with walk-up stairs to back yard. Enjoy the outdoors on the screened porch and covered front porch with mountain views! Grill on the blue stone patio and play in the secret garden with playset in the private area across the little creek.
